

## English

Read Write Inc.  
Phonics

### Re-Think Reading

- Listen to, discuss and express views about a wide range of fiction and non-fiction at a level beyond which the children can read independently.

### Writing – Penguins-Usborne- Be curious.

- Link to our science learning- about animal's habitats.
- Write their own information text in sections about another animal/animal family that they have learnt about.
- Focus on punctuation including capital letters for proper nouns.
- Use commas to separate items in a list.

## Maths

POWER  
MATHS

This term we will begin by learning about length and height. We will measure in cm and m and we will order and compare lengths and heights.

We will then move onto mass, capacity and temperature. We will measure in g, kg, ml and L. We will look at volume and capacity and will solve problems involving measure. We will record and order temperatures.

## History– Why do we remember Isambard Kingdom Brunel?

We will look at:

- What came before trains.
- The industrial revolution.
- Who was Isambard Kingdom Brunel?
- The race across the Atlantic.

## PE

PE days will be on **Wednesday and Fridays** this term.

- Participate in team games, developing simple tactics for attacking and defending.
- Perform dances using simple movements.

### How can you support your child at home?

Read, discuss and record the books you read at home with your child in their reading record.

Encourage your child to complete 10 minutes of NumBots/TTRS per day.

Check Dojo regularly for class updates and information.

# Year 2

The HEART of  
Sherford promotes

curious, inspired &  
knowledgeable learners...

## Spring 2

HONESTY • EMPATHY • ASPIRATION • RESILIENCE • TEAM WORK

### DT- Chair for a bear.

- We will test a range of materials and use this to create a strong chair for a toy.

### Music – 'Zootime!'

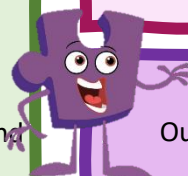

- We will be learning a **reggae** song this term. We will learn the song, play accompanying instruments and compose our own music.

## PSHE

Our **Jigsaw PSHE** focus is on 'Healthy Me'.

We will look at:

- Being happy and relaxed.
- Medicine safety.
- Eating healthily.

## Science – Living things and their habitats.

By the end of this unit, we will be able to:

- Explore and compare the differences between things that are living, dead, and things that have never been alive.
- Identify that most living things live in habitats to which they are suited.
- Describe how different habitats provide for the basic needs of different kinds of animals inc. microhabitats.
